**DETAILED ACTION**

**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art fails to show applying an atomized activating composition being applied following applying the whitening composition, and, in view of the present disclosed criticality for using an atomized activating composition, a combination of the prior art would not be obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1-3 and 7-18 are allowed.
